"Where Your Health Is Our Department"

October 7, 2019

Reference: Joseph Williams

I have worked with Mr. Williams since 2003 beginning with the conception of the Graves County Agency for Substance Abuse Policy. Mr. Williams played a significant role in getting the organization off the ground as well as giving credibility to the group because of his reputation in our community. The organization has grown to such that it is now seen as the clearinghouse for all things dealing with the prevention and treatment of drugs, alcohol and tobacco. Mr. Williams' role in the organization focuses on grant writing and administering those grants as well as quality analysis with the programs and organizational by-laws. Mr. Williams is timely with deadlines, organized, responsible with finances and a clear thinker. He is very trustworthy.

Sincerely,

Noel Coplen
Director
